Students who have not taken TOEFL or IELTS but need a score to meet the admissions requirement may be admitted conditionally. A student who is admitted conditionally may matriculate for one (1) term within their program of study and must enroll in EN004. In order to continue the program with EN004 for the 2nd term, student must submit an eligible TOEFL or IELTS score within their first term. If the minimum required score is not obtained, in order to maintain fulltime enrollment, a student is encouraged to transfer into PSU's English as a Second Language (ESL) course of study along with EN004 to prepare for the TOEFL.

Please note:

- Even after submitting a qualifying test score, any enrolled student who exhibits difficulties with the English language may be referred to the ESL faculty for review and for suggestions to remedy any deficiencies (such as enrolling in EN005).
- Students who have earned a secondary education diploma or degrees from higher education institutions in the U.S. in which English was the major language of instruction [or who have completed ESL Level Six (IV) at CWC] do not have to present a TOEFL or IELTS score and may be excused from the equivalent test.
- It is advised to register for PSU TOEFL-ITP Exam during your conditional admission in order to reserve a limited seat.
- It is student's responsibility to submit Add/Drop Petition and Tuition Refund Request immediately after receiving TOEFL or IELTS score in order to drop EN004 and receive eligible tuition refund.

My signature below indicates that I have read and understood the University's policy on English proficiency. I understand that I am conditionally accepted until I provide the University with the minimum required TOEFL or IELTS score. Conditionally accepted means that I must participate in the EN004 class until I provide the minimum required TOEFL or IELTS score.
